

AN IMPORTANT MESSAGE FROM THE GENERAL MANAGER.

Mex Club staff pride ourselves on the care we take of our members and guests throughout our premises.

Our top priority is the safety of our members, guests and staff members in these very challenging times.

We are monitoring the coronavirus (COVID-19) situation closely, and we are doing everything we can to ensure everyone remains healthy and safe in our public areas, restaurants and bars.

We are committed to delivering and maintaining the highest standards of cleanliness and hygiene in our premises. Additional preventative measures have been put in place, including reinforcing our strict cleaning protocols.

Extra cleaners have been engaged to perform preventative touch-point cleaning during busy periods. We are regularly disinfecting public areas to ensure our facilities are safe such as rest rooms, table-tops, door handles, front doors and surfaces.

We also have hygiene and sanitation stations present throughout our venue, increased food safety measures, and we are ensuring that any staff that show any signs of illness or have traveled overseas are staying home.

Good hygiene is the best defense against spreading COVID-19. We encourage all to practice proper hygiene methods including:

- Washing your hands regularly with soap and water (or use hand sanitiser), particularly before and after eating, and after touching items such as doorknobs
- When coughing or sneezing cover your mouth and nose into a flexed elbow
- If you are feeling unwell, please don't risk your health or the health of others – stay at home
- Avoid touching your face, eyes, nose and mouth as this is how the virus can enter your body
- Avoid close contact with others, such as touching
- Dispose of tissues after single-use
- Follow health guidelines issued regarding latest updates.

Our processes will evolve where necessary as we continue to closely monitor the COVID-19 situation. This may include anything from the cancellation of certain events, right up to closing the venue for a time period if this is deemed to be the appropriate course of action by Government health authorities.

In the meantime, we are open for business as usual and we encourage you to continue to support not only ourselves but all local businesses while it is safe to do so.

Stay safe, and look after each other.

Greg Luck
